

EESSA MRU

2025-2026

PARTNERSHIP PACKAGE

**EARTH & ENVIRONMENTAL
SCIENCE STUDENTS' AFFILIATION
MOUNT ROYAL UNIVERSITY**

In the spirit of reconciliation, we acknowledge that we live, work and play on the traditional territories of the Blackfoot Confederacy (Siksika, Kainai, Piikani), the Tsuut'ina, the Iyârhe Nakoda Nations, the Otipemisiwak Métis Government of the Métis Nation within Alberta District 6, and all people who make their homes in the Treaty 7 region of Southern Alberta.

ABOUT EESSA

TURNING PASSION INTO ACTION

THE EARTH AND ENVIRONMENTAL SCIENCE STUDENTS' AFFILIATION (EESSA) MOUNT ROYAL UNIVERSITY IS A STUDENT-RUN, NON-PROFIT ORGANIZATION THAT WAS FOUNDED IN 2023.

EESSA MRU SUPPORTS ITS COMMUNITY BY PROMOTING LEADERSHIP, ENCOURAGING PROFESSIONAL DEVELOPMENT, AND OFFERING EDUCATION OPPORTUNITIES.

EESSA MRU IS A SPACE WHERE STUDENTS INTERESTED IN THE EARTH & ENVIRONMENTAL INDUSTRY CAN COLLABORATE AS THEY GROW TO BE THE NEXT GENERATION OF PROFESSIONALS.

WHY EESSA?

01

Invest In Future Innovators

Your support in EESSA is an investment in the future of sustainable innovation and environmental leadership. You will be contributing to the development of individuals poised to make a positive impact on the planet.

02

Community Engagement

Your company can actively engage with the local community. Not only do we hope to provide an opportunity for educational and professional growth for students, but to also get involved with community outreach programs and projects.

03

Discover New Talent

Your partnership will contribute to the development of the next generation of Earth & Environmental Professionals while fostering a community that is passionate about environmental stewardship and will integrate these values into the workplace.

MRU'S DEPARTMENT OF EARTH & ENVIRONMENTAL SCIENCES INCLUDES Environmental, General & Geology

WHY EESSA?

Mount Royal University offers a unique curriculum that is designed to prepare its students for their professional careers. Students studying Environmental Sciences will have completed 2-four month work terms, be eligible to apply for their Agrologist in Training Certification, and completed the following courses:

- Terrestrial Ecology
- Plant Survey & Classification
- Aquatic Ecology
- Applied Instrumentation
- Water Pollution & Surface Water Analysis
- Soil Hydrology
- Air Pollution & Monitoring
- Watershed Management
- Ground Water Contamination
- Issues in Environmental Assessment
- Research Methods
- Air Quality
- Soil Genesis & Land Use
- Regulatory Management
- Waste Management
- Site System Remediation Design
- Geology: The Dynamic Earth
- Project Management

And more!

Full list of courses can be viewed at:

<https://www.mtroyal.ca/ProgramsCourses/FacultiesSchoolsCentres/ScienceTechnology/Departments/EarthEnvironmentalSciences/index.htm>
